

# Transport Research Forum 2018

## Abstracts

4<sup>th</sup> August 2018

University of Moratuwa, Sri Lanka

Transportation Engineering Group

Department of Civil Engineering

University of Moratuwa

## Table of Contents

|                            |        |
|----------------------------|--------|
| Keynote Speakers' Profiles | i - ii |
|----------------------------|--------|

### Research Presentation

#### Session 1:

##### 1. Traffic Engineering

|   |   |
|---|---|
| 1.1 An Observation Study on Un-signalized Marked Midblock Crossings in Colombo Suburban<br>Jathurshan Thevarajan, Niranga Amarasingha | 1 |
| 1.2 Motorcycle Accident and its Severity Analysis in Ampara District<br>A.H.M.Mujahidh, J.M.S.J.Bandara                               | 3 |
| 1.3 Development of a Personal Vehicle Type Choice Model for Sri Lanka<br>Krishani R. Perera , Dimantha De Silva                       | 4 |
| 1.4 Development of Service Quality Index for Sustainable Bus Transport<br>A.H.S. Sharic, J.M.S.J. Bandara                             | 5 |

##### 2. Highway Engineering

|  |    |
|--|----|
| 2.1 Modified 3 Parameter Model Incorporating Particle Shape, Texture and Vibration to Predict Packing Density of Binary Particulate Mixtures<br>H.A.C.K. Hettiarachchi , W. K. Mampearachchi   | 7  |
| 2.2 The effect of water to cement (w/c) ratio on workability of internal curing concrete in the development of high strength concrete with required workability and cement content.(ICBP)<br>M.M.H. W Bandra, T. Anojan, W. K. Mampearachchi | 9  |
| 2.3 Application of Level of Service Facilities for Sidewalk Assessment<br>Chamali Hewawasam, Shamain Saparamadu  | 10 |
| 2.4 Study on Soil Stabilization Using Natural Rubber Latex for Road Construction in Sri Lanka<br>K.Tharmakulasingham, K. L. I Ranasoma   | 11 |
| 2.5 Performance Evaluation of Waste Fillers Admixed Asphalt Mixes<br>Jayvant Choudhary, Brind Kumar, Ankit Gupta   | 12 |
| 2.6 Improvement of aggregate packing model of Interlocking Concrete Block Pavement (ICBP) mixture using Fly Ash<br>I.P.Batuwita, W.K.Mampearachchi   | 14 |
| 2.7 Develop Material Systems for Next-Generation Infrastructure<br>Asanka De Silva 1, Prof. Sanjaya Senadeera  | 15 |
| 2.8 Design of Precast Concrete Cover Slab for Pedestrian Walkways<br>C.J.Athapaththu , I.M.H.Perera , W. K. Mampearachchi  | 16 |

### **3. Intelligent Transport Systems**

- |     |  |    |
|-----|--|----|
| 3.1 | Evaluation and Improvement of Toll Collection System in Sri Lankan Expressways<br>Case Study for Colombo-Katunayake Expressway<br>H.B.N.S.Kumara, G.L.D.I. De Silva      | 18 |
| 3.2 | iRoads: Smartphone-Based Road Condition Monitoring<br>H.M.A. Abeywardana, U.M.J. Abeywickrama, P.T. Amarasinghe, R.P.D. Kumarasinghe, H.M.N. Dilum Bandara, H.R. Pasindu | 19 |
| 3.3 | Applicability Design Requirements of an Intelligent Pedestrian Crossing<br>Hasini Godawita, Nadika Jayasooriya, Saman Bandara  | 21 |
| 3.4 | Queue Dissipation at Signalized Intersection under Mixed Traffic Conditions<br>S. Mondal, A. Gupta   | 22 |

### **Session 2:**

#### **4. Transport Planning and Road Safety**

- |     |  |    |
|-----|--|----|
| 4.1 | Competitive Assessment of Container Port Development in Sri Lanka<br>C.A. Kavirathna , S. Hanaoka, T. Kawasaki                                       | 25 |
| 4.2 | Development of a Choice Model for School Trips<br>Indunil Sannasooriya, Dimantha De Silva  | 27 |
| 4.3 | Evaluation of Roadway-Railway Level Crossings in Main Line from Colombo to Polgahawela<br>Kulasingham Ragulan, Niranga Amarasingha                   | 29 |
| 4.4 | Studying pedestrian's personal space in mass religious gatherings<br>A case study of Kumbh Mela<br>Karthika P S1, Dr. Ashish Verma                   | 31 |
| 4.5 | An overview of motorcycle crashes in Sri Lanka with a comparison between public opinion and police crash data<br>J.M.S.B Jayasundara, T.W.K.I.M Dias | 32 |

## **5. Pavement Maintenance**

- 5.1 A Simple Method to Evaluate Subgrade Resilient Modulus for Pavement Overlay Design using FWD Parameters 34  
S.A.S.B.Samarasinghe, H.R.Pasindu
- 5.2 Performance Evaluation of Night Time Visibility (Retroreflection) & Skid Resistance of Road Pavement Markings with Ceramic Beads 36  
B H T Ariyaratne, H.L.D.M.A. Judith, K L I Ranasoma
- 5.3 Use of Reclaimed Asphalt Pavement (RAP) for road construction in Sri Lanka 38  
S.Kajugaran, W. K. Mampearachchi
- 5.4 Effect of Mat thickness for the Degree of Compaction of Asphalt Pavements 39  
K. K. S. M. Gunasekara, W. K. Mampearachchi

## **6. Poster Presentation**

- 6.1 Analysis of Defects Liability Period for Different Type of Defects Identified in Road Construction Projects 40  
W.A.H Chathuranga, H.R Pasindu
- 6.2 The Study of Aging Characteristics of Road Marking Material 42  
R.A.D.M.P. Ranawaka, Prof. J.M.S.J. Bandara
- 6.3 Analysis of Road Accidents in “A9” Roads in the Northern Province 43  
M.M.M. Munas, J.M.S.J. Bandara
- 6.4 Weighted Plasticity Index (WPI) as a screening tool for quality control measures 44  
K.D.I.U. Kannangara
- 6.5 Study of Behaviour and Impacts of On-Street Parking in Kandy Town 46  
U.A.Gopallawa and J.M.S.J. Bandara
- 6.6 Bitumen Emulsions as a Stabilizer for Substandard Soil 48  
P.M.A.K Udayakantha, Prof W.K Mampearachchi
- 6.7 Evaluation of Rheological properties and performance of asphalt binder modified with Nano clay 49  
Y.G.P.B. Shantha, W. K. Mampearachchi, S.U. Adikary
- 6.8 Potential of applying Built-Operate Transfer (BOT) system for Sri Lankan Highways- Case study on Colombo-Katunayaka Expressway (CKE) 50  
M.A.P. Perera, Dimantha De Silva
- 6.9 Criteria Based Funds Allocation System for Sabaragamuwa Provincial Road Network 51  
Ajith Panagoda, J.M.S.J.Bandara
